FINAL DRIVE IS ON TILL DEC. 10

Tobacco Growers Beginning To Realize That the Door Closes On Them December 10

With farmers here from Fayette and other counties, the final drive to sign up all the tobacco in Madison county for the Burley Association was set on foot with a vengeance Wednesday.

Business was at a standstill in town Wednesday. All the banks and nearly the prominent business houses closed up. Most of the merchants and business men piled into cars and went to the country to help convince the farmers that the best thing they can do is to get in the band wagon with their brethren and line up solidly with the Association.

Chairman T. S. Hagan and his assistants in this final big drive appear to be getting results. Growers in the outlying sections are beginning to think about the matter in a new light, since the splendid address of Judge Bingham Monday. They are wondering, too, what will happen to them if they are left on the outside of the pool organization and every other outlet for selling their tobacco is closed to them.

Since Nov. 26th the new drive organization has signed up 214,200 pounds of tobacco, making in all a total of 3,776,802 signed in Madison county. It is now believed that as a result of this final drive that Madison will sign over 5,000,000 pounds before the close. The farmers here seem to be just beginning to understand this wonderful marketing plan. They are appreciating the fact that on Dec. 10th the books will close to them and many believe that those who do not sign will make a mistake that they will regret for a long time to come.

FOUR POWERS AGREE ON NEW ALLIANCE

(By Associated Press)

Washington, Dec. 7.—A four agreement is being considered by the United States, Great Britain, Japan and France, it is learned today from official sources. It would be an agreement for joint consultation on arms and any matters affecting the interests of those nations in the Pacific Islands and not an alliance or technical entente. The agreement in process is being reduced to treaty form and if accepted is to be submitted to the Senate. The proposed undertaking is to do away with the Anglo-Japanese alliance and proposals have gone to Japan for renunciation of that alliance if the new agreement is consummated. As now under negotiation, the powers would agree to consult each other before going to war on any differences that might arise about the Pacific Islands. Representatives of the powers today unanimously adopted a resolution insuring the integrity of China.

The Far Eastern committee of the conference today adopted a resolution providing for the neutrality of China in case of war in which China is not a party.

Washington, Dec. 7.—Junius Parker, of New York City, today protested to the Senate Finance Committee against any increase in the duty on Turkish tobacco. Dunlap Barker, about 38 years of age, was found dead at his home near Chilesburg, with a bullet in his body Wednesday morning. Barker had lived along in a cottage on the farm of John Lyle and had not been seen since Saturday. He was well known in Richmond as he had worked for F. H. Gordon in the turkey business for several years and was well known as a turkey handler. So far as known there is no clue to his assassin, and much mystery surrounds the tragedy.

Mr. S. L. Bailey, of Harrodsburg, died Tuesday morning at Sprague Hospital, Lexington, after a few days illness. Surviving him are his wife, three daughters, Mrs. John Noland, Richmond; Mrs. Lucy Thacker, Lawrenceburg; and Mrs. Maude Langford, Harrodsburg; one son, Walter Bailey. He was a member of the Christian church. Interment will take place at Harrodsburg Wednesday.

Weil Buys Cattle In Lincoln

Sim Weil and his son, Jay D. Weil, of Lexington, bought of Hon. W. H. Shanks Monday 117 big cattle at 7 1-4 for 40, 6 1-2 for 70, and 6c for 7. The cattle will average about 1,300 pounds. A deduction of three cents will be made for shrinkage. Mr. Weil also bought 44 cattle from W. B. McKinney, about half of them choice black ones, that will average 1,450 pounds. The others are red and will weigh about the same. Mr. Weil looked at a number of big cattle in the county but we are informed that he only bought those mentioned above. Stanford Journal.

DISTRICT C. O. P. TO NOMINATE TODAY

Hubert Nicely, of Rockcastle, May Be Candidate Against William Wallace

William Wallace will probably be nominated by the republicans of this, the 29th state senatorial district, at a meeting of the party committee for the district here today. The county chairman of the five counties of the district compose the committee which is empowered to make the nomination of the party's candidate for the special election on December 24th to fill the vacancy caused by the resignation of Senator Clarence Miller.

As chairman of the county with the largest vote, W. O. Mays, chairman of the Madison county committee, called a meeting of the district committee here at 2 p. m. The other members of the committee are:

Owsley county—J. D. Scott. Jackson county—Grant Collier. Rockcastle county—L. W. Reithum. Estill county—M. F. Harris.

A report was current here Tuesday that Mr. Wallace might have opposition for the nomination. Hubert Nicely, of Livingston, Rockcastle county, was said to be a candidate and local republicans heard that he was claiming three votes at the committee meeting or more than enough to nominate him over Wallace.

So far democratic leaders have not yet decided whether or not to make a nomination. The district is ordinarily several thousand republican, but so many reliable republican counties went democratic at the recent election that some democrats are said to favor putting a candidate out and taking a chance.

NIGHT ASSASSIN AT WORK IN LINCOLN, TOO

Lincoln county has a night-time attempt at assassination mystery, too. The Stanford Journal tells of it as follows:

J. W. Warfield, known to his many friends as "Holly," was called to the front door of his home near Highland last night and shot. Fortunately only three of the No. 4 shot used in the gun took effect. One went through an ear and two lodged in one of his shoulders, inflicting only flesh wounds. Only last Saturday night Mr. Warfield's barn was burned to assassinate him, makes it almost certain that the fire was started by some enemy. A few seconds after the shot was fired, Mr. Warfield heard an auto going down the pike at a terrific speed and it very probably contained the would-be assassin or assassins. He called up W. H. Lair, of the Hustonville section, and asked that his bloodhounds be brought to the scene. In a reasonable length of time W. F. Kirk, representing Mr. Lair, was on the ground, with his best dogs. The canine trailed at once to the forks of the road and there it is believed the man who fired the shot got into the car. Mr. Warfield stands well in his community and he and his friends are at loss to know who it is that has such a grudge against him as to destroy his property and then try to take his life. He will use every effort to find the guilty party and it is hoped that it won't be long until he is in the hands of the law.

Men, what's the use of paying a war-time price for your clothing, when you can buy the best at Oldham's at less than pre-war prices?

The Weather

Unsettled weather tonight and Thursday; probably rain or snow and colder Thursday.

DR. VANCE PREACHES OLD TIME RELIGION

The crowd still grows at the Presbyterian revival services.

Tuesday night the main auditorium was insufficient to seat the people and large numbers occupied seats in the galleries. Those who heard Dr. Vance Monday night remarked as they came out of the church last night that his sermon even surpassed his first one. He took for his subject last night "Why I Believe in Christ," and when he had finished, there was no one in the audience who would have denied that he was perfectly justified in his belief.

Dr. Vance is wielding an influence over the Richmond people which will be felt for many days to come. He believes in preaching the simple gospel and his personality holds the congregation spellbound. The Wednesday afternoon service was well attended and he gave a wonderful discourse in which he brought out "How to be Happy."

There remain only three nights of this man's wonderful sermons after tonight, and every man, woman and child in Richmond should take advantage of these meetings. The music led by Mr. Watson, continues to please the crowd, and several special numbers will be given tonight, including "Crown Him King of Kings," by a full chorus.

Night Session Cancelled

of Stewardship Rally

On account of the meetings being held at the First Presbyterian church, the night session of the Stewardship Rally at the First Christian church today will be cancelled. The work of the day will be put into two sessions, beginning at 10 in the morning and 2 in the afternoon. This meeting is bringing to Richmond a team of excellent speakers headed by R. M. Hopkins of St. Louis, and one of the best rallies in the history of the church is expected.

Irvine Home Burns

Irvine, Dec. 7.—The home of Robert Shearer, an employee of the L. & N. railroad, was destroyed by fire this morning at 41 o'clock. No one was in the dwelling at the time, but it is thought the fire originated in a coal oil stove. Dwellings on either side were saved from destruction by the prompt action of the Irvine fire department. The loss is estimated at approximately \$14,000, with \$2,500 insurance.

HEARD ABOUT TOWN

Mr. Earle Curtis, of the Lexington Loose Leaf Tobacco Co., and W. S. Judy were visitors in the city Wednesday.

Col. John B. Dinwiddie, the silver-tongued auctioneer of Lincoln county, was here Monday advertising a big excursion to a big sale in Florida which Hughes & McCarty, Stanford real estate dealers, will handle in a few weeks. An excursion of Kentuckians anxious to invest in the Sunshine State, will be taken down.

THESE VALUABLE PRIZES KEEP IN MIND

MISS EMMA K. COOPER

Miss Emma K. Cooper, a popular school teacher, who is one of the candidates in the Daily Register contest, is a descendant of one of the pioneer families of Madison county. She is also a niece of the late L. L. Bandy, well known in this county, and since his death she has been staying with her aunt, Mrs. J. J. Embury, on Aspen avenue.

She entered this contest to win. She has worked energetically and thus far is one of the leaders and has a good chance to win. She hopes that those whom she has seen personally and other friends will come to her assistance and help her win in the end, and also thank those who have supported her thus far.

ANOTHER GOOD COMMISSIONER SALE

Master Commissioner R. B. Terrill conducted another of his good sales early this week when he sold to George W. Todd a farm of eight acres on Muddy Creek near Waco to settle up the case of Harris vs. Logsdon. The price paid was \$50 an acre which was considered exceptionally good considering the fact that the farm had practically no improvements.

BIG DEMAND FOR RESIDENCE PROPERTY

Long Tom Chenault sold a two-story frame residence on the corner of Hallie-Irvine and Orange street for \$3,450, to Mr. Payne. The house was owned by Samuel Grubbs, Col. DECEMBER 10

Tobacco Growers: This notice is to remind you again that on Saturday night the books of the Burley Tobacco Growers' Association will close for signatures. You cannot join after that date. We have the positive statement of our leaders that the door will not open again for this crop. Many are signing without workers, as they go over the county, but necessarily we must travel by automobile, making it a physical impossibility to get to every grower's farm at this season of the year, but the secretary's office over the Madison National Bank is open and clerks there to receive your signatures. This office will close its books for contracts the night of December 10th, Saturday of this week. After it is too late don't say you were not given an opportunity to sign.

T. S. BURKHAM,
County Chairman.
